

Welcome to *Necitas Assisted Living*

We strive to offer only the best for you and your loved ones. Our home is a peaceful environment where residents enjoy the care and attention fit for individuals in their golden years. You can rest easy when your loved one is under our care.

In our home, residents find time to relax together with their families and the caregivers. With proper care and services, we maintain the good health conditions of our residents while helping them with activities of daily living.

The care plans we employ at **Necitas Assisted Living** are based on the physical, social and cognitive needs of our residents. We tailor fit the type of care they receive from us because we understand that no two individuals have exactly the same condition and preferences. We make sure that our services are carried out thoughtfully and patiently. Our residents are also well assisted in their emotional needs. Our caregivers are trained to respond with sensitivity and respect.

Every day is a fabulous day at **Necitas Assisted Living Home**. Call us for inquiries - (202) 413-2209.

Who We Are

The philosophy of **Necitas Assisted Living** is to provide high quality, compassionate, holistic care and assistance in a home-like safe environment to all of our residents.

Necitas Assisted Living is birthed in Silver Spring, Maryland. Following the ideals of health care, we are constructing a reputation of health care that exceeds the State standards. It is an important prerogative to continuously sharpen our skills in care giving through training and education of our staff. This is our path to raising the standards of assisted living services in the area.

We believe that a lifestyle in assisted living should be enjoyed in the company of experienced caregivers. Being a Level III Provider, we pamper our loyal residents with care and attention defined from an elevated standard of quality that is the trademark of **Necitas Assisted Living**.
